

Strategic plan/ national plan of Thailand

1. Set up national committee (between INMU & Bureau of Nutrition, MOPH and stake holder)

- Activities:
- Review status of database
 - Plan of activities -> complete database
 - Guideline of documentation: sampling, sample handling, method of analysis, QC, etc.

2. Country's need

- Training on Data compilation, Data Management
- Upgrade the lab capacity & capabilities
- Attend Food Comp Course (for new staff)

3. Training centre

- PT provider by INMU
- Nutrient analysis by INMU & BU (proximate, vitamins & minerals)
- (Data compilation)
